Chorus

You take a piece of my heart  
With you  
Always, baby  
You take a piece of my heart  
With you  
Always, always, baby

Time and time again  
My girlfriends ask me  
If were just friends  
And when I tell them that it is true  
Deep down inside  
I just want to be with you

Chorus

It's long after dark  
Were up all night talking  
Heart to heart  
And when it's time for you to go  
I tell myself were just friends  
But we both know

Chorus

I fall asleep and dream about you  
Holding me deep in  
your soul I just can't make it  
Without you I love you more than you'll ever know

Chorus
