Open your eyes at last
We are falling back
Into the promised land
And here, I have found
A new reason to fight again

As we burn through the new century,
We will fall back into place
Today, we scream out
The songs that set
Our hearts on fire

Regain the light of youth
We are burning through
All of our hope renewed
And here, you will find
Such stars within,
Alight for you

As we burn through the new century,
We will fall back into place
Today, we scream out
The songs that set
Our hearts on fire

Burning with light
Our flame reignites
We stand unbroken

Sing with me now
Fight back
They do not deserve
Sing with me now
Fight back
We are forever

There is a siren sounding
Our footsteps will shake the Earth
Scream loud our battle cry
As we spread our fire

As we burn through the new century,

We will fall back into place
Today, we scream out
The songs that set
Our hearts on fire

There is a siren sounding
Our footsteps will shake the Earth
Scream loud our battle cry
As we spread our fire
