We are the sons and daughters  
Sent to erase this war  
Keep lit the flame as others  
Once did before

No longer will we stand for  
Your organized disorder  
We'll rise up to our feet  
Ignite our hearts and be free

Unchain both your hands  
Stand up and fight back  
We deserve more than misery  
[X2]

So, as the last light dies down,  
Will we just waste away?  
Or fight the ones in power  
Who keep us in chains

The day of wait is over  
Rise against their new order  
Let a new energy  
Ignite our hearts and be free

Unchain both your hands  
Stand up and fight back  
We deserve more than misery  
[X2]

We are more than desperate silence  
We are more, I swear  
[X2]

We're more than desperate silence  
We're more than desperate

Unchain both your hands  
Stand up and fight back  
We deserve more than misery  
[X4]
