Apologies, good friend,
For I have none at all!
The shame you teach is something
To be overthrown

I am who I am
And I'll never trade that in
For a lifetime of despair

We said that we're not sorry
And we're really not
I'll have no regrets
'Cause one day, you'll be gone
And I will have moved on

No poison now, dear friends,
For I just have no need
The lies you burn and drink
Will never set you free

I'll do what I want
And my life will not be bought
By some corporation

We said that we're not sorry
And we are really not
I'll have no regrets
'Cause one day, you'll be gone
And I will have moved on

My life won't be run by corporations!

Have you seen what they want?
They'd rather you be silent
No hope and no free thought
Is that the life you swear by

Have you seen what they want?
They'd rather you keep quiet
Don't give them what they want
Just refuse to comply

We said that we're not sorry
And we are really not
I'll have no regrets
'Cause one day, you'll be gone
And I will have moved on
[X2]

We're all moving on!
