(arrest the president) [x4]

[Farma G]

In the streets, the concrete playground  
bent police, the beast won't lay down  
I can't escape I'm nearin breakdown  
I can't sleep in london town now  
no sleep, no rest for the year round  
handcuffed in the back of a beef van  
no joy for the kinds in the junkyard  
overcome by the truth, yeah, life's hard  
all scarred from a life up on row  
flip the coin see what life flows  
wedged in an edgy atmosphere  
self-destruction now catch the Fear  
awkward anguish, could not vanish  
lock in a cell severely brain damaged  
think of a world gone loco-loco  
step in the shoes of mister miserable  
left no room for the holy-holy  
walk in the steps of mister moanie  
tangled lifestyles, complicated  
modern day life is over-rated  
fuck the states, yeah, ban the bomb  
arrest the president, now sing that song!

arrest the president, he's the gun-slinger  
arrest the president, he's the drug dealer  
arrest the president, arrest the president, (fick 'im!)

[Chester P]

arrest the president, guns are trading  
he's the outlaw on these pavements  
kids get puff just for misbehavin'  
in the Whitehouse guns are traded  
some go there cuz there's ganja blazin'  
up in parliament guns are trading  
some choose crime as their occupation  
they sell guns to destroy ya nation  
who's the criminals? where's the justice?  
we don't trust no judges' judgements

on these front-lines losin patience  
who protect us, from their invasions?  
we protect us, holding corners  
police ain't welcome across the borders  
arrest the president, he's the gangster  
deep in scandals, dirty bankster  
why harass me? I'm just strugglin'  
makin' something out of nothing  
it's the system arrest the president  
we're victims, the world's evidence

arrest the president, he's the gun-slinger  
arrest the president, he's the drug dealer  
arrest the president, arrest the president  
fuck 'im!
