[Music and Lyrics by Marco Kehren/DEINONYCHUS]

"Hello", I said to my last life.  
Buried my flesh;  
withered and captured in the earth's vault.  
The fragrance of my perfume doesn't matter anymore;  
life is no more, it's useless this all.  
Now, I'm Israfiel.  
Walk through me...  
The rain are my tears, soaking the earth...  
Hollow are my eyes.  
Judas said; " A heart never dies"...

Why I don't bleed inside anymore, is it really true that  
am I no more?  
Pain vessels me to my seat, and you said;" I would die  
for you".  
I have spoken all your words as you taught me, and I  
believed them all!  
Now, all you did was say:" I would die for you".
