It's over now
It's over now
So it's over now
It's over now

Verse 1: I cannot explain the way i feel
I must be dreamin, this can't be real
And I now i kno that there's a balm somewhere
Cause when i called you answered my prayer

Chorus: Sunshine after the rain
You have takin away my pain
Someway and some how
It's over now, the storm is over now

It's over now
Um...no more tossing and turning in the middle of the
night ya'll
It's over now
No more fillin that something ain't right ya'll
So it's over now
And i don't have to walk wit my head hanging down..no
It's over now
Cause my feet is on solid ground...oh

Verse 2: You took my fear and gave me faith and took
away my shame and gave me grace
Then you lifted my burden off my shoulder and you
didn't walk away when you came closer.

Chorus: Sunshine after the rain
You have takin away my pain
Someway and somehow
It's over now, the storm is over now

It's over now
No more smiling and cryin inside ya'll
It's over now
And i don't have to worry cause gods on my side
SO it's over now
And now i can love again, i can breathe again

It's over now
Oh it's over...it's over
