My brain's dead and my body follows  
I'm just another explosion of a random dreamer  
With nowhere else to go  
I said

My thoughts are stumped and my mind is hollow  
Empitied from those trafficated thoughts  
That I just couldn't follow cuz I might have been stoned

Ohh, all I need is happiness, yeah yeah  
A little bit of happiness  
Ohhh, a little bit of freedom, exactly what I need  
Yeah I'll get down on my knees for it  
Ohhh, all I need is happiness, yeah yeah  
A little bit of happiness  
Ohhh, a little bit of freedom, exactly what I need  
Yeah, just to start the dreaming with you

Why do I have to be so damn problematic?  
It's just another excuses, just another reason  
For me not to be me  
And as times change, everybody seems to stay the  
same  
The same, and their names don't change, don't  
change...  
Yeah yeah

And as times change, everybody seems to stay the  
same  
The same, and their names don't change, don't  
change...

Ohhh, all I need is happiness, yeah yeah  
A little bit of happiness  
Ohh, a little bit of freedom, exactly what I need  
Yeah, I'll get down on my knees for it

We'll all look out of each other

My thoughts are stumped, and my mind is hollow  
Empitied from those trafficated thoughts  
That I just couldn't follow, cuz I might have been stoned

Ohh, all I need is happiness, yeah yeah  
A little bit of happiness  
Ohhh, a little bit of freedom, exactly what I need  
Yeah I'll get down on my knees for it  
Ohhh, all I need is happiness, yeah yeah  
A little bit of happiness  
Ohhh, a little bit of freedom, exactly what I need  
Yeah, just to start the dreaming with you

As times change, we stay the same  
Our names don't change, we remain insane  
We're all just a bunch of random dreamers

I wanna start my dreaming with you

We'll all look out for each other...
