Won't someone tell me what is happening to me?  
Why am I so misunderstood why can't they see?  
Now I'm caught between the devil and the angel that I  
used to be  
They say I'll understand it all in good time  
But age ain't nothing but a number in my mind  
I'm going crazy with this push me pull me  
Caught between wrong and right

[Chorus]

I wanna give into the woman in me  
I wanna be someone they don't want me to be  
The moral of the story is I got no choice  
I must not chase the boys

I start writing down my deepest secrets  
7 days a week of truth and fantasy  
Get the feeling that the way my life is got to be  
prepared for changes

Won't someone tell me what is happening to me?  
Why am I so misunderstood why can't they see?  
Now I'm caught between the devil and the angel that I  
used to be

I wanna go left when they tell me to go right  
Don't wanna be the little girl they're kissing goodnight

[Chorus]

They could try to make me write a thousand lines  
But that won't ever change the way I feel inside  
They got their opinions but I just don't care  
'Cos that's not what I wanna hear  
I must, I must not chase the boys

[Chorus x2]
