Look at me, I'm not Sandra Dee
I'm just a little girl, trapped in my own world
And I'm still wondering, hoping, dreaming, loving...

So say I'll break this, say I saw this
Say I'm not worth my wait in stone
I'm not worth a damn living,
I'm not worth the day I'm living

Well I had my shot and I let it drop
And say I'm doped up, so no,
And I think, "Oh fuck, what have I done?"
I didn't suck hard, so long

So say I'm worthless, insolent, and life just gives no
disciple
And I'm insecure, my sanity's more
My sanity's more

I don't need you...

Look at me, I'm not your fairy queen
But in society you choke conformity
And you counter out envy, well feel free
To piss on each other's parade;
In success there ain't no shame

So say I'm worthless, insolent, and life just gives no
disciple
And I'm insecure, my sanity's more
And now, so let them talk and what they see and more,
will change me
No one sees, is that I'm bound to be,
I'm born to be me

I don't need you

I'm sure to let you down
So go on, take me on
I swallow you with ease
Like the barrel of a gun
You won't let me in

You've set the damage done
See, difference just ain't me,
I beat it out till I kill it

I think you've set the damage done

I don't need you...
I'm sure to let you down
So go on, take me on
I swallow you with ease
Like the barrel of a gun
You won't let me in;
I don't know what I've done
See, difference just ain't me,
I beat it out till I kill it

Look at me, I'm not Sandra Dee
I'm just a little girl, trapped in my own world
