Little girl keep your mouth shut so you don't make any  
noise

Keep your mouth shut so you don't make any noise

Smile pretty smile pretty smile  
Even though you're in pain  
Smile pretty smile pretty smile  
Even though you're full of shame

I can see the fog is clearing  
I can see their lies are breaking  
I can see the smoke is rising  
I can see the walls are falling

I pick up what's been left of you  
I see all that's been done to you  
Leftover photographs  
Leftover missing laughs  
Leftover time of mine  
All alone in her life

Alone alone alone alone  
Survive alive alive alive alive  
Survive survive survive survive survive  
Alone  
Survive  
Alive

Little girl this world is full of crazies  
Little girl this world is full of crazies (crazy)

I can see the fog is clearing  
I can see the lies are breaking  
I can see the smoke is rising  
I can see the walls are falling  
It's a clear ring in my ear (ear)  
A clear scream in my ear (ear)  
A clear cry in my ear

I'm laughing from fear (fear)  
I'm laughing from fear (fear)  
I'm laughing from fear
