All the things she said
All the things she said
All the things she said
All the things she said.....
(repeat)

I'm in serious s***, I feel totally lost
If I'm asking for help, it's only because
Being with you has opened my eyes
Could I ever believed such a perfect surprise?
I keep asking myself, wondering how

All the things she said, all the things she said
Running through my head, running through my head,
running through my head

All the things she said, all the things she said
Running through my head, running through my head
All the things she said
This is not enough, oh, oh (this is not enough)

All the things she said, all the things she said

All the things she
