The sky is gleaming.  
The stars are shining.  
The moon is rippled with its silver dents.  
The sky is brightening.  
The clouds are moving.  
The sun is burning with its orange rays.  
Oh, up above.

Oh, up above is the gleaming silver sky.  
Oh, up above is where God lays for our sad good-byes.

Oh, up above.

Oh, up above is where the clouds play kid charades.  
Oh, up above is where the stars fall in on us.

Oh, up above.  
Oh, up above!

CHORUS:

Oh, up above is where well stay and rest forever.  
Oh, up above is where no one can call it wrong.  
Oh, up above is where well stay and rest forever.  
Oh, up above is where Ill love you without flaws.

Oh, up above is where where we glide up stairs is  
waiting.  
Oh, up above is where well love and stay.

Oh, up above.  
Oh up above! (Up above)

CHORUS X2

Oh, without flaws!  
Oh, up above is where Ill love you without flaws.  
Oh, up above where heavens waiting,  
Oh, up above is where Ill love you without flaws.
