"Let You Go"

Hold me tightly
You wont get away with this
I hope you knew that
I told you before
Are you tired of me?
Im tired of you
This is what you did
Heres my revenge

Slowly drawing into the light
Letting everything in out of spite
Of what you did
Of what you did
When it happens
Ill be gone
Youll be different
I wont be wrong
You will cry and
Ill hear our melody

Chorus
And maybe if you show me love
Then Ill let you go
And maybe if you show me love
Then Ill let you go
And maybe if your hearts so true
Then we can make it through
Then Ill let you go
You go
You go
You go
How does it feel to be free?
To be with me?

Seasons come and seasons go
Try to derive me
You wont get through it alive
Try to be happy
Trying to thrive
Trying to strive
My life is gone

The secret is out!
Can I let you in on
My little clandestine?
Ill bring you flying up
To Neptune where sparks fly
Ill bring you masquerading
To the sea where we can die.
Resurrections
Taking place

Chorus

For the sake of what we had
Are you gonna go?
Or will you hold on tightly?
And never leave?
Cause if yes
Then Im leavin
Forever

(Loudly)
Forever!

And maybe if you show me love
Then Ill let you go
And maybe if you show me love
Then Ill let you go
And maybe if your hearts so true
Then maybe you can get
Through it alone
And when I let you go
I hope you burn hell

(Softly)
Letting go and coming together
