Zachem ya abloka
Nas nik ot doma menya
Ugly ty eti mama-papa
Star prosi beza ty
Sexy dance, I forgive

Liva una galaxy
Ya soshla s uma mez
Mama-papa question

Chorus:
Is this actually true?
One, two, three, four forive me
Sometimes you get me a lot
Forever in the moonlight eyes
Let's go, I won't leave
'Cause we are what we are
Teenagers we live to die
We die to live once again
In your arms

Bloody horror is in my eyes
Given me strength to close your heart
Once upon a dream or two
I won't say I'm in love wit u

Bridge:
You(you)you
I(I)I
Forever(Forever)Forever
Love(Love)Love me now
