I think you should know
How I really feel
Baby you Should know
I think the world of you

I don't really show it
Or say it to you quite enough
I want you to know
I think you should know I really love you

I hope you don't mind
That I take from you
A bit of your time
To sing this song for you

Baby if you're shy
Just let me take your hand in mine
Don't have to think twice
It just feels so right to really love you

Oooooo...
I hope you don't mind
That I take from you
A bit fo your time
To sing this song for you

Baby if you're shy
Then let me take your hand in mine
Don't have to think twice
To just feel so right, I really love you

I think you should know (I think you should know)
How I really feel (however you feel)
Baby you should know (baby you should know)
I think the world of you

I don't really show it
Or say it to you quite enough
I want you to know
I think you should know I really love you

I want you to know

I think you should know
I really love you
