Still my no.1 even though you're gone
Love's still burning strong feel I can't move on
Seems I've lost my way. Things just ain't the same
How I wish I'd stayed close to you

I know the rainy days ain't over when I think of you
I know I'm not out of this storm yet cause I'm feeling
blue
When you see me in my reflection looking back at you
I'm just trying to say

Chorus
I'm still missing you
Like the storm misses the rain
Like a warm summers day
I'll be missing you always
I'm still breathing you
Like you're here in my arms
Like you're not even gone
Will I feel like this always?
Cause I'm still missing you

Thought I wanted out, too young to be tied down
Things seem clearer now
Should have stayed some how
Hope it's not too late
Could I just try explain
Wish I could heal the pain caused to you

I know the rainy days ain't over when I think of you
I know I'm not out of this storm yet cause I'm feeling
blue
When you see me in my reflection looking back at you
I'm just trying to say

Chorus

I know the rainy days ain't over when I think of you
I know I'm not out of this storm yet cause I'm feeling
blue
When you see me in my reflection looking back at you

I'm just trying to say

Chorus
