being with you, we ooh
has made me sure
that I can get through any door
and over any obstacle, [over any obstacle]

being with you, we ooh
has been so rewarding,
you give me good loving every night
and first thing in the morning, [first thing in the
morning]

your my passport to pleasure, [pleasure]
your worth more than the rarest of treasurer, [treasure]
your my ticket to the land of dreams,
my highness of kindness, my every thing

being with you, we ooh
has taught me a lesson
I can get a lot of things myself
getting you was a blessing

and I
[sure do love you baby], sure do love you baby.
[sure do love you girl],
sure do love you baby
you make my world

your my passport to pleasure, [pleasure]
your worth more than the rarest of treasurer, [treasure]
your my ticket to the land of dreams,
the highness of kindness, my every thing

[being with you], being with you [we ooh]
is like every day, [every day yeah]
in the month of May

[being with] being with you
I want to say
is super ok, [super ok]

and I

[sure do love you baby], sure do love you baby
[sure do love you girl],
sure do love you baby, you make my world

I want to hold to you tight, [we ooh]
I want to be with you day and night, [we ooh]
being with you, [we ooh]
is really all right

and I
[sure do love you baby], sure do love you baby
[sure do love you girl], sure do love you girl
sure do love you baby, you make my world
sure do love you girl

being with, you you you, [we ooh]
being with, you you you, [we ooh]
being with you baby, [we ooh]
[being with],

and I
[sure do love you baby], sure do love you Baby
