Ad lib

And now I know it would be a sin
To turn away from the love I'm in
A form of hope you lose your mind
Like breaking waves on your heart if you ain't too high

If you took away my mind brought back faith into my
heart
Wouldn't change a single thing
Cause the sun is in my eyes and I'm not feeling blind
And if time doesn't get you then I definately will

Chorus

Love's gonna be on your side
You gotta let me know you gotta let me know
Love's gonna be on your side
You gotta let me know you gotta let me know

A precious thing a treasure found
A lover knows when their heart isn't bound
I travelled through an open door
Into your arms they embrace me and I want them more
Cause you liberate my world
Restore faith into my heart
Heaven knows when the angels sing

If this is the master plan then I'll make my stand
Cause if time doesn't get you
Then the devil will

Love's gonna be on your side
You gotta let me know you gotta let me know
Time's gonnabe on your side
You gotta let me know you gotta let me let me know
Love's gonna be on your side
You gotta let me know you gotta let me know
Love is going to be on your side
You gotta let me know or let me go

Maybe if I'm strong enough

I'll get my wits about me
Maybe if I got away
I know that time will take me
Maybe if I had the chance
To do it all again
Maybe I would never let time slip away

Oh but time is standing still baby
