Take a thought, hold it there, change the picture in your mind,
Keep the thought where you left it, Oh.
I take a step, to leave you there to the dream you wait
to find be the first to believe in, MMmm.

Stuck in the life you don't want, leave the past behind.

Change your thoughts and you'll change the world.
Shine the light that you find! (to shine your truth)
Turn the key to unlock the door
And every day now, you'll find a way how
to find what you're livin for.
Oh, I take a chance, take a step, Take your life into your
hands ! Follow the passion inside you, Oooh.
Keep the right, lose the wrong, keep that vision runnin
strong! The future is where dreams come true !

Stuck in the life you don't want, you got to leave the
past behind!

Change your thoughts and you'll change the world.
Shine the light that you find! (to shine your truth)
Turn the key to unlock the door
And every day now, you'll find a way how
to find what you're livin for.

It's a new day. Come face to face!
Sometimes the world seems so unfair!
But it's a heartbreak if you can't find your way!
Even your heart is the problem, then healin it! Eeehee!

Don't know, no, no, D-D don't know. Day, yeah.

Stuck in the life you don't want, you got to leave it all
behind!

Change your thoughts and you'll change the world.
Shine the light that you find! (to shine your truth)
Turn the key to unlock the door
And every day now, you'll find a way how
to find what you're livin for. (x2)Yeah
