Don't make me love you
Don't do that to me
Don't make me love you

'Cause all it would mean
Is that you're getting to me
And that is something you should never do

Don't make me want you
Don't? do that to me, baby
Don't make me want you

'Cause all that would mean
Is that you're getting to me
And that's something you should never do

So please don't make me want you
No, no, no
And I'm begging you
Don't make me need you

No
'Cause all this would mean
And I'm asking you
Don't make me want you

No
'Cause all this would mean
And I'm telling you
Don't make me love you

Please, oh
Don't make me love you
(Which consist of)
A child, I'll do anything
But don't make me love you

Child
I'll do anything
I'll do anything
But don't make me love you

Love you, ah, I'll do anything, I'll do
Ah, but don't make me love you, love
Ahh
Ahh, I don't want it no more child

I don't want
I don't want to get helpless
As a child, a child, a child
A Child, child

I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
Ah

I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
I'll do anything but don't you make me love you
