Thought I was happy, thought that my life was made  
Guess I believed the colors of love just fade  
But now that you're here I can see  
What I thought was all over is still here inside of me

And I know the feeling and I love the feeling  
You're fanning the coals and the flame in my soul's all I  
know  
Yes I know the feeling and I need the feeling  
Oh this time I swear I won't let it go

It's like I was sleeping waiting to feel your kiss  
I'd almost forgotten loving could be like this  
Just open your arms let me fall  
I settled for half, oh but now I can have it all

'Cause I know the feeling and I love the feeling  
This glow that I'm getting don't care if I'm letting it  
show  
Yes I know the feeling and I need the feeling  
Oh this time I swear I won't let you go

And I know the feeling and I love the feeling  
This glow that I'm getting don't care if I'm letting it  
show  
Yes I know the feeling and I need the feeling, yeah  
Oh this time I swear I won't let you go, oh
