Oh yeah yeah yeah yeah
I know that I love you, yeah

With all the weight of the world upon your shoulders
Sit back and don't let the blues take over your love
You got to share with the world all the bright things you
are to me
I need you baby

Look out the window, you'll find the sky is blue
And your eyes are matching what I'm feeling for you
I know a place we can go where we can get up and lose
control
Let's go baby

We're soul dancing together, our hearts beating with
pleasure
Soul dancing forever, feels so sweet, like heaven, yeah
oh

I know that you've traveled for, you're weary and you're
in doubt
But I am here to hold you baby
You've got to trust in the love, it's bigger than anyone
of us
Believe me baby

Kick off your worries and frowns, there's no time to get
down
Just move on up, sweet now baby
I got a place that I know, our minds and our bodies will
float away
Let's go baby

We're soul dancing together, our hearts beating with
pleasure
Soul dancing forever, feels so sweet, like heaven
We're soul dancing together, our hearts beating with
pleasure
We're soul dancing forever, feels so sweet, like heaven
Yeah oh oh yeah yeah

Let it go, let it go, let it go now, let it go, let it go, let it
go now
Let it go, let it go, let it go, let it go
Let it go, let it go, let it go now, let it go, let it go, let it
go now
Let it go, let it go, let it go, let it go, let it go

Kick off your worries and frowns, there's no time to get
down
Just move on up, sweet now baby
I got a place that I know, our minds and our bodies will
float away
Let's go baby

We're soul dancing together, our hearts beating with
pleasure
Soul dancing forever, feels so sweet, like heaven
We're soul dancing together, our hearts beating with
pleasure
We're soul dancing forever, feels so sweet, like
heaven, yeah

We're so in love, we're so in love
We're so happy, we're so free now
Let it go, let it go, let it go now
Let it go, let it go, let it go, let it go
