Ad lib

I know I'm not the only one
To ever stand alone in the dark
Not knowing how I'm gonna carry on
But sure I never will surrender

I know exactly who I am
And that there's a purpose and a plan

Chorus
So I will stand with my head held high
Even though I'm against the wind
And I know I will survive
It is my destiny

With my held high
I won't fall down
With my head held high
I won't surrender

I believe that there's a higher love
It's given me the power
To find my way through the worst of times
Turn them into my finest hour

And with this strength I will move on
No matter how hard I won't fall down

Chorus

In my life I make my own choices
Paid the prices with my share of losses
But each time I only get stronger
And I know I've got the power inside

Chorus
