No one could ever keep you better satisfied
And if I had a crystal ball, I'd show you all the future
hides
But for now, take a little time to know me
I swear I'm not stringing you along
I might be driving you crazy but I wouldn't steer you
wrong
No, I wouldn't steer you wrong

Wait for me, boy
If we take it slow, we'll discover something greater
Wait for me, boy
You know I'll give in sooner or later
Just wait for me, boy, oh, wait for me, boy

You say your clock is running on the overtime
But you know, it takes a lot to get into this heart of mine
Don't you know, every minute the feeling gets
stronger?
Quick love is not my style, hold on just a little bit longer
I'll make it worth your while, I'll make it worth your while

Wait for me, boy
If we take it slow, we'll discover something greater
Wait for me, boy
You know I'll give in sooner or later
Just wait for me, boy, oh, wait for me, boy

Take me in your arms, so near
Just hold me and I'll lose my fears
It's just a matter of time for me and you
If you want my love, all you got to do, yeah
[Incomprehensible]

Wait for me, boy
If we take it slow, we'll discover something greater
Wait for me, boy
You know I'll give in sooner or later
Just wait for me, boy

Wait for me, boy
If we take it slow, we'll discover something greater

Wait for me, boy
You know I'll give in sooner or later
Just wait for me, boy

Wait for me, boy
If we take it slow, we'll discover something greater
Wait for me, boy
You know I'll give in sooner or later
Just wait for me, boy
