This is serious, oh  
So serious man, oh  
We never needed You before, we need You right now  
Need You right now, oh

People are dying, losing the faith  
Even the chosen have fallen from grace, oh  
We got the blind leading the blind  
Lord knows I'm tryin' what I've been assigned, Lord  
I'll say it all, oh Lord

I'm down on my bended knee, yeah  
(I'm on my bended knees, I'm on my bended knees  
I'm on my bended knees asking You to help us please)  
Down on my bended knees, yeah, whoo  
(I'm on my bended knees, I'm on my bended knees  
I'm on my bended knees asking You to help us please)

I'm praying on bended knees  
Have mercy, Lord have mercy, oh  
I said, Lord  
I'm just tryin' to intercede, yeah

Sometimes I feel like I'm standing alone  
But I know there are soldiers that's still holdin' on  
Now what we really Lord, is help from up high  
If You don't have mercy, so many souls will die

I'm sayin' oh, oh, yeah

I'm on my bended knees, yeah, hey, yeah  
(I'm on my bended knees, I'm on my bended knees  
I'm on my bended knees asking you to help us please)  
I'm on bended knees  
(I'm on my bended knees, I'm on my bended knees  
I'm on my bended knees asking you to help us please)

Oh, lord, I'm prayin'  
(I'm praying on bended knees)  
Somebody's prayin'  
(Have mercy, Lord have mercy)  
Oh Lord, I'm just tryin' to intercede, yeah

I'm down on my bended knees  
I'm asking You to have mercy  
Somebody gotta intercede  
We need Your help in a hurry  
Got people in high places with their hands dirty  
And the world can't get no help  
Because they're taking all the money

I'm rocking in the wilderness  
Only You can clean up the mess  
Sin I know you refuse to bless  
Got to get on my knees and confess  
Oh Lord, I, I know You see  
I'm on my, I'm on my bended knees

Oh, y'all let me preach  
Yeah, lower than I've ever been, knees upon a concrete  
Lord, I'm tryna fight this fight but ain't no one behind  
me  
I just need a sound please Lord, it's getting dark here  
Come just shine a Pentecost so I walk in no fear

And make me the hands, and You the only lifeline  
Church comes in the morning but it's looking like it's  
May time  
I'll never let him go, Celine Dion  
He said, "I'm the light in the darkness", neon  
And [Incomprehensible] bow way  
And so bended knees, Lord I begin to pray  
Yeah, Pray

Oh, Lord, I'm on bended knees  
(I'm on my bended knees, I'm on my bended knees  
I'm on my bended knees asking You to help us please)  
Come teach me, for nobody but me  
(I'm on my bended knees, I'm on my bended knees  
I'm on my bended knees asking You to help us please)

I'm prayin' for a family  
I'm prayin' for the children
