Have Your way
You can have Your way in me yeah
Can I be transparent for a minute?
some of those rumors that you heard I probably did it
Im not a perfect man I admit it
But its covered by the blood Ive been forgiven
When I think of things Ive done I shake my head
If it wasnt for your mercy Id be dead
God you sure know how to break a brother down
My humility Im saying now Lord

Just have your way,
You can have your way Lord
Just have Your way in me
In me
Just have your way in me
(and Lord you can have your way in me)
Just have your way in me
(will you, can you bring that for me?)

Yeah, Im tired of trying to be a superstar
You can have the money, the clothes and the cars
I just want to be your man after your heart
I dont know how I drifted so far
Lord Im asking you to take the pride away
Im a sinner and Im askin for your grace
I got nowhere else to go thats why Im prayin
All Im tryin to say is

Chorus:
Just have your way,
Lord I surrender
Just have Your way in me.. in me
Just have your way in me
(and Lord you can have your way)
Just have your way in me

Ive come humble as I know how to be
Spend a long time since Ive been down on my knees
And its only you that can set me free
Ill be waiting here until you rescue me

And I dont care what people think Lord I need help, I
need help
They cant put me in a heaven or a hell
Somebody ought to lift your hands and follow me
Its time for us to be what God wants us to be

[Chorus:]

All to Jesus I surrender
All to Him I freely give
