So you spend all of your days
Falling asleep, to dream
'Cause you know that look in the head
Ain't what it used to be

And you keep on telling yourself, baby
This is not the way that it was supposed to be
For me, for me

You did your time
Did you do the best you could?
Spend so much time
No one else ever would

You get so frustrated
When you see the ones you thought would never leave
How could it be? How could they leave?

Don't have to speak
'Cause I already know
Sometimes you just leave behind
The ones you can't let go

Don't have to speak
'Cause I already know
Sometimes you just leave behind
The ones you can't let go

Have no regrets
That's what you would always say
You'll have respect
If you make it your own way

If you run out of patience
You will find out what it means to lose it all
Losing it all

Don't have to speak
'Cause I already know
Sometimes you just leave behind
The ones you can't let go

Don't have to speak
'Cause I already know
Sometimes you just leave behind
The ones you can't let go

Don't have to speak
'Cause I already know
Sometimes you just leave behind
The ones you can't let go

And you keep on telling yourself, baby
This is not the way that it was supposed to be
For me
