Her daddy had the money
All the milk and honey
She never had to pay any dues
Don't know what her name is
But man she sure is famous
She keeps herself all over the news
They're paying close attention
The new inside edition is feeding all they can to her fans
She's got the paparazzi behind her mazzarati

I said why, why, why does it have to be such a big deal
We try, try, try, I've come to the conclusion
Were living an illusion,
Were better of just keeping it real
Were better of just keeping it real

She got a brand new movie
About giving up the booty
She showed it all and nobody cared
And made her such a mess
When she didn't get the press
So she went and cut of all of her hair

I said why, why, why does it have to be such a big deal
We try, try, try, I've come to the conclusion
Were living an illusion,
Were better off just keeping it real
Were better off just keeping it real

I said why, why, why does it have to be such a big deal
We try, try, try, I've come to the conclusion
Were living an illusion,
Were better off just keeping it real
Were better off just keeping it real

He said he didn't do it
They couldn't hold him to it
He smiled and walked away a free man
The glove didn't fit him
The jury said akwit him
It all worked out the way that he planned

But he couldn't live without it, he wrote a book about it
Yeah, everything he did that night
They didn't get him for the crime
But he's gonna do the time
Cause he's got to get back in the spotlight

I said why, why, why does it have to be such a big deal
We try, try, try, I've come to the conclusion
Were living an illusion,
Were better off just keeping it real
Were better off just keeping it real
Oh, were better off just keeping it real
