If it's loving that you want,  
Well, it's loving you'll receive  
'cause you've come to the right place, baby

Yeah, the door is always open  
If you need some company  
You've come to the right place, baby

Heaven knows that I can't read your mind  
We can turn it around,  
Darlin', one step at a time

Angel, oh angel, can't you see  
That I can't live without you,  
So baby won't you help me please?

When there's no one left to trust,  
Well, I think that you'll agree  
That you've come to the right place, baby

When you're down on your luck  
Well, just look around, you'll see  
That you've come to the right place, baby

Sometimes you don't know  
What you've got until it's gone  
Then you look around  
And it was right there all along

'cause angel, angel, you've got to understand  
That I don't want to be without you  
Oh, won't you help me if you can?

I ain't asking for the world  
I just want you to believe  
That you've come to the right place, baby

When there's no one else to hold you,  
Well, I'll be there yes indeed  
Oh, you've come to the right place, baby

Yeah, you've come to the right place

Oh, you've come to the right place, baby  
Yeah, you've come to the right place
