Fella's I wonder would you mind if I talked to ya for a minute?
You know, sometimes we have a tendencies or should I say we forget
What a woman needs every now and then
That is if you wanna keep your thing together, listen to me now

Do the things that keeps the smile on her face
Say the things that make her feel better everyday
Then you got to stay on your P's and Q's
And if you don't, the woman you can easily lose

Whoa oh, I had a love, a love and I lost her
And no one can help me share the pain that she caused me
Oh, a woman's gotta have it, I believe
She's gotta know that she's needed around
When you kiss her, you gotta make her feel it every time, boy
She wants to know that she's not walkin' on shaky ground
Whoa, yeah

Well, think it over, yeah, think it over, think it over my brother
Don't take for granted the smile on her face
Check a little bit closer, you might find a tear trace, yeah
Maybe the girl might never say a mumblin' word, yeah
But you gotta make sure that her voice is heard

Whoa oh oh, I had a love, had a love, a true love and I lost it
Yes I did and I'm sufferin' all this pain that that love caused me
A woman gotta have it, woman gotta have it
I believe she's got to know that she's needed around

You gotta make her feel it, you gotta make her feel it
Anytime boy, every time boy
She wants to know that she's not walkin' on shaky

ground
Oh yeah, whoa yee aah
Yeah, yeah, yeah, think it over, yeah, ooh ooh, ooh ooh,
yeah

What ya tryin' to say boy?
Yeah, you know a woman's gotta have it
What ya tryin' to say guy?
You got to please her, you got to

What ya tryin' to say boy?
I said a woman's gotta have it, oh yeah, all right
What ya tryin' to say boy?
A woman's gotta have it, yeah, you know she does

What ya tryin' to say boy?
You got to give her her what she wants when she wants
it, yeah
Oh, what ay tryin' to say boy?
Gotta give her her what she wants when she wants it,
woah

I said a woman's gotta have it
I said a woman's gotta have it
What ya tryin' to say boy?
A woman's gotta have it everytime, ooh yeah
What ya tryin' to say boy?
