Well, I hurt your heart
With my mouth like that
You know I hate it, baby
When I love so bad
But it's your love that loves me at my worst

And on the upside inside out
Where you see, know that you despair
Oh, my baby brown eyes
You bring me to the upside, I've no doubt
And then I should have realized
Oh, my baby brown eyes you bring me to the

Love's so good, it makes Heavens street cry
And but it's not the blue skies
But love ain't dying
So turn off your TV
This is better than what you're seeing

'Coz on the upside inside out
Where you see, know that you despair
Oh, my baby brown eyes
You bring me to the upside, I've no doubt
And then I should have realized
Oh, my baby brown eyes you bring me to the

Upside inside out
Where you see, know that you despair
Oh, my baby brown eyes
You bring me to the upside

And then you bring me to the upside
Bring me to the upside
Bring me to the upside
Bring me to the upside
