You were what i wanted,  
What i wanted,  
What i just couldn't have  
You were country lovin,  
Really somethin,  
For 3 months and a half  
Everybody said that you were bad news,  
but baby i was bettin on you

So i guess i owe my friends 10 dollars and a 6 pack,  
Got myself a big country servin of payback,  
And now im gonna have to listen to my mother,  
Ä° told you so,  
You aint even worth all that,  
10 dollars and a 6 pack  
Ä° said let them say we're crazy,

You say lets go fishing a lot,  
The midnight moon was blazin baby,  
Ä° was gazin into your eyes  
Everything changed when you took me to town,  
Ä° caught you staring every other girl down!

So i guess i owe my friends 10 dollars and a 6 pack,  
Got myself a big country servin of payback,  
And now im gonna have to listen to my mothers,  
Ä° told you sos,  
You aint even worth all that,  
10 dollars and a 6 pack,  
Cant believe the time you lost me,

Ä° cant believe what it cost me  
Cuz i owe my friends 10 dollars and a 6 pack,  
Got my self a big old servin of payback!  
Ä° have to listen to my mothers, i told you sos,  
You aint never been through that,  
Cuz you aint worth all that!

10 dollars and a 6 pack  
You aint worth all that,  
10 dollars and a 6 pack
