I could go back to every laugh
But I don't want to go there anymore
And I know all the steps
Up to your door
But I don't want to go there anymore
Talk to the wind, talk to the sky, talk to the man with the
reasons why
And let me know what you find

[Chorus]
I'll leave my window open
Cause I'm too tired at night to call your name
Just know I'm right here hoping
That you'll come in with the rain

I could stand up
And sing you a song
But I don't want to have to go that far
And I, I've got you down, I know you by heart
And you don't even know where I start
Talk to your self, Talk to the tears, talk to the man who
put you here
And don't wait for the sky to clear

[Chorus]
I'll leave my window open
Cause I'm too tired at night to call your name
Just know I'm right here hoping
That you'll come in with the rain

I've watched you so long, screamed your name
I don't know what else I can say

[Chorus]
I'll leave my window open
Cause I'm too tired at night for all these games
Just know I'm right here hoping
That you'll come in with the rain

I could go back to every laugh
But I don't want to go there anymore
