Now he's back in the atmosphere
With drops of Jupiter in his hair, hey, hey
He acts like summer and walks like rain
Reminds me that there's time to change, hey, hey
Since the return from her stay on the moon
He listens like spring and he talks like June, hey,
hey

But tell me did you sail across the sun?
Did you make it to the Milky Way to see the lights all
faded?

And that heaven is overrated
Tell me, did you fall for a shooting star?
One without a permanent scar

And did you miss me while you were looking for yourself out there?

But now he's back from that soul vacation
Tracing his way through the constellation, hey, hey
He checks out Mozart while she does tae-bo
Reminds me that there's time to grow, hey, hey
But now he's back in the atmosphere

I'm afraid that he might think of me as plain ol' Jane
Told a story about a man who is too afraid to fly so he never did land
Tell me did the wind sweep you off your feet?

Did you finally get the chance to dance along the light
of day?

And head back to the Milky Way
And tell me, did Venus blow your mind?
Was it everything you wanted to find?

And did you miss me while you were looking for yourself out there?

Can you imagine no love, pride, deep-fried chicken
Your best friend always sticking up for you even when I know you're wrong
Can you imagine no first dance, freeze dried romance
five-hour phone conversation

The best soy latte that you ever had and... me
Tell me did the wind sweep you off your feet?
Did you finally get the chance to dance along the light
of day?

And head back toward the Milky Way
Can you imagine no love, pride, deep-fried chicken
Your best friend always sticking up for you even when I know you're wrong
Can you imagine no first dance, freeze dried romance,
five-hour phone conversation?
The best soy latte that you ever had and... me
