I bet this time of night you're still up  
I bet you're tired from a long hard week  
I bet you're sitting in your chair by the window  
Looking out at the city  
And I bet sometimes you wonder about me

And I just want to tell you  
It takes everything in me not to call you  
And I wish I could run to you  
And I hope you know every time I don't  
I almost do  
I almost do

I bet you think I either moved on or hate you  
Cuz each time you reach out there's no reply  
I bet it never ever occurred to you that I can't say hello to you  
And risk another goodbye

And I just want to tell you  
It takes everything in me not to call you  
And I wish I could run to you  
And I hope you know that every time I don't  
I almost do  
I almost do

Oh we made quite a mess babe  
It's probably better off this way  
And I confess babe  
In my dreams you're touching my face  
And asking me if I want to try again with you  
And I almost do

And I just want to tell you  
It takes everything in me not to call you  
And I wish I could run to you  
And I hope you know that every time I don't  
I almost do  
I almost do

I bet this time of night you're still up  
I bet you're tired from a long hard week  
I bet you're sitting in your chair by the window looking out at the city  
And I hope sometimes you wonder about me
