I like the way you sound in the morning
We're on the phone and without a warning
I realize your love is the best sound
I have ever heard

I like the way I can't keep my focus
I watch you talk, you didn't notice
I hear the words, but all I can think is
We should be together

Every time you smile, I smile
And every time you shine, I'll shine for you

Whoa, I'm feeling you baby
Don't be afraid to
Jump then fall
Jump then fall into me

Baby, I'm never gonna leave you
Say that you wanna be with me too
'Cause I'm gonna stay through it all
So jump then fall

Well, I like the way your hair falls in your face
You got the keys to me, I love each freckle on your face
Oh, I've never been so wrapped up, honey
I like the way you're everything I ever wanted

I had time to think it over
And all I can say is come closer
Take a deep breath and jump
Then fall into me

'Cause every time you smile, I smile
And every time you shine, I'll shine for you
Whoa, I'm feeling you baby
Don't be afraid to
Jump then fall
Jump then fall into me

Baby, I'm never gonna leave you
Say that you wanna be with me too

'Cause I'm gonna stay through it all
So jump then fall

The bottom's gonna drop out from under our feet
I'll catch you, I'll catch you
When people say things that bring you to your knees
I'll catch you

The time is gonna come when you're so mad you could
cry
But I'll hold you though the night until you smile

Whoa oh, I need you baby
Don't be afraid please
Jump then fall
Jump then fall into me

Baby, I'm never gonna leave you
Say that you wanna be with me, too
'Cause I'm gonna stay through it all
So jump then fall

Jump then fall, baby
Jump then fall into me, into me, into me

Every time you smile, I smile
And every time you shine, I'll shine
And every time you're here, baby, I'll show you
I'll show you, you can

Jump then fall
Jump then fall
Jump then fall
Into me, into me
