She didn't have a reason to go, oh no
She didn't have a reason to stay
Either way she didn't tell anyone about her first ray of
sun
She looked at her keys and found a reason to run

And time stands still when you're nowhere bound
But I understand it somehow

If I could drive all night would I find my peace of mind?
Would it be a million miles of cold white lies?
An unfamiliar exit sign
If I just drive on by just south of knowing why

I didn't really know her that well
But I could tell that her smile was only something to
hide behind
She felt so out of touch, just felt too much
If you don't know what you want nothing's ever enough

And time stands still when you're nowhere bound
That's where I'm headed right now

If I could drive all night would I find my peace of mind?
Would it be a million miles of cold white lies?
An unfamiliar exit sign
If I just drive on by just south of knowing why

I don't have a plan, I don't have a map
I don't even know if I'm ever going back
I don't have a when and I don't have a where
I don't even know if I'm knowing I'm there

And time stands still when you're nowhere bound
But I understand it somehow

But If I could drive all night would I find my peace of
mind?
Would it be a million miles of cold white lies?
An unfamiliar exit sign
If I just drive on by just south of knowing why

I just drive on by, drive on, drive on
Drive all night
If I drive on, drive on, drive on
Drive all night just south of knowing why
