Verse 1

You see me giving people weird looks, i cant help it is
ma face,
My kind is the odd and quiet type, but i can be loud
when i want to,
Dont be a racist idiot, you hate the nazis too,
You're just a fat guy who needs a life, but i'm not
helping that task
You tell all your friends that i am real strange,
You cant talk cos your gay,
Fat gay, fat lad, fat man, hanging on the wall,
You need give me space, ortherwise i will.... Nut you.

Chorus

You call me a phyco, you dont know what your saying,
You call me every name under the starlit sky,
Get a life, thats worth living, your making mine like hell.
Dont be gay, oops wait, your bi-sexual,
Dont be stupid and wreck your life,
Go away DJ, i aint that phyco, who nuted that lad under
the old bridge,
Leave me, leave me, leave me, leave me alone!
