I could keyed your car
I could road your yard
I know the passwords to your email
Everything you do
I could've put them to good use

But I'm dressed to kill
And tonight I'm goin' out on a date
With your best friend
He always liked me anyway

R-E-V-E-N-G-E
My list of things to do this week
Jealousy, misery
Gon' give you what you gave to me
Make you feel so B-A-D
Break you, make you sorry
I hope you cry
Gettin' my
R-E-V-E-N-G-E

So long gone the pain that taunt of him
Replace your memory
If I really were you ever been
I don't hang out in the smoke bars
But I know we'll see you there
And I'll make you hear me laugh
Like I just don't care

I know you hate my friends
So tonight I'll call them all
Later on you can expect
Some prank phonecalls
Baby

R-E-V-E-N-G-E
My list of things to do this week
Jealousy, misery
Gon' give you what you gave to me
Make you feel so B-A-D
Break you, make you sorry

I hope you cry
Gettin' my
R-E-V-E-N-G-E

S-A-N-I-T-Y
I hope you lose yours tonight
You made me crazy too long
And so I'm working on

R-E-V-E-N-G-E
My list of things to do this week
Jealousy, misery
And I'll give you what you gave to me
Make you feel so B-A-D
Break you, make you sorry
I hope you cry
Gettin' my
R-E-V-E-N-G-E

BÐ°by, baby
R-E-V-E-N-G-E
And I'll give you what you gave to me
