It was something like a perfect start to  
This love yesterday but now who are you  
I thought I knew  
Your eyes how to know to look right through me  
It's like you forgot the words you whispered to me  
They weren't true  
It's like it wasn't you  
Could you tell me what did I do  
Because it can't be we're already through  
Did you sell me out for a fool  
After you held me is that just what you do  
What did you need from me  
Tell me  
Take time to realise I know  
That people change their minds  
But that was something I wished you would say  
To my face  
But you run away  
Could you tell me what did I do  
Because it can't be we're already through  
Did you sell me out for a fool  
After you held me is that just what you do  
What did you need from me  
Tell me  
If I had a reason or a simple goodbye  
Baby even a lie  
Yeah Yeah  
Tell me what did I do  
Beause baby suddenly we're already through  
Did you sell me out for a fool  
After you held me is that just what you do  
What did you need from me  
Tell me  
And tell me

Ooooh Yeah

Tell me
