Do you remember the day I leaned up against your car?  
And it started rolling down the street  
You screamed and ran after it  
Tried to open the door and it ran over your foot  
And I was too busy laughing on the ground to see  
It would take Brad Pitt to leave you  
It takes five seconds to need you  
And I'm mad at all the lovebirds  
Cause they don't know to play our song  
I wish that pretty girls couldn't see you  
Wish that all the road's would lead you  
Right to me  
Cause that's where you belong  
Til Brad Pitt Comes Along

Do you remember the time we watched Carrie  
And you said it reminded you of me  
And I threw the remote at you a  
And you said "My point exactly"  
Later on that night under the  
Neon city lights you paid a homeless guy  
To sing a song to me and  
It would take Brad Pitt to leave you  
It takes five seconds to need you  
And I'm mad at all the lovebirds  
Cause they don't know to play our song  
I wish that pretty girls couldn't see you  
Wish that all the road's would lead you  
Right to me  
Cause that's where you belong  
Til Brad Pitt Comes Along  
You call me unlucky cause I  
Lose everything  
But I swear I'd be careful with it  
If you gave me a ring

It would take Brad Pitt to leave you  
It takes five seconds to need you  
And I'm mad at all the lovebirds  
Cause they don't know to play our song  
I wish that pretty girls couldn't see you  
Wish that all the road's would lead you  
Right to me  
Cause that's where you belong  
Til Brad Pitt Comes Along  
Til Brad Pitt Comes Along  
Woah Yeah Oh  
Til Brad Pitt Comes Along
