Put your lips close to mine
As long as they don't touch
Out of focus out of eye
Till the gravity is too much
And ill do anything you say
If you say it with your hands
And i'll be smart to walk away but you're quizzing

This love is Treacherous
This path reckless
This love is Treacherous
And I i I like it

I can't decide if it's a choice
Getting swept away
I hear the sound of my own voice
Asking you to stay
And all we are is skin and bone trained to get along
Forever going with the flow but you friction

This love is Treacherous
This path reckless
This love is Treacherous
I I i like it

Somewhere like sharp to the sleepless night
And I will get will get you alone
Your name has echoed through my mind
And I just think you should think you should know
Them not being safe is worth the driving I will follow you follow you home
I follow you follow you home

This hope is Treacherous
This day dream is dangerous
This hope is Treacherous
I I i , I I i , I I i

Somewhere like sharp to the sleepless night
And I will get will get you alone
Your name has echoed through my mind
And I just think you should think you should know
Them not being safe is worth the driving I will follow you follow you home
I follow you follow you home
I follow you follow you home
I follow you follow you home

This love is Treacherous
I I i like it
