"Unperfect"

I never saw it coming the look in your eyes
All showed me no surprise
You walked me to the front door and said
I love you and I'd never break your heart
You were so perfect
You really lead me on
And gave me everything i ever wanted

Going out for dinner every night
Cuddling while were watching our favorite movies
Going out to the football games and then talking till
sunrise
You gave me this and put me down
I really thought we would improve but you were the one
The one that i fell for

I didn't think we'd change
Cause you were everything i ever asked for
Leaving note and flowers at my door
Everytime i thouht you were gone for good
you came back for more yeah

Going out for dinner every night
Cuddling while were watching our favorite movies
Going out to the football games and then talking till
sunrise
You gave me this and put me down
You were the on that lead me on
So here i go I hope shes worth it

Going out for dinner every night
Cuddling while were watching our favorite movies
Going out to the football games and then talking till
sunrise
You gave me this and put me down

Oh, oh, oh, you were unperfect
