Cheeseburgers for me (cheeseburgers for me)
Cheeseburgers for me right now
If I could only have a shake and some
pie(cheeseburgers for me)
My life would be so complete

If I go walk for what a treat
Some onion rings would be so neat
The fries and shakes that can't be beat
Give me food I want to eat

Cheeseburgers for me(cheeseburgers for me)
Cheeseburgers for me right now
If I could only have a shake and some pie(la la la la)
My life would so complete

Id be in
The cheese, the pickels, have it your way
Mayo, mustard, ketchup
I'm not a princess
But I know one thing
If I had my way I would have my Burger King

Cheeseburgers for me (cheeseburgers for me)
My life would be so complete (cheeseburgers)
Burgers really are neat (cheeseburgers)
Every day of the week(cheeseburgers,
cheeseburgers,cheeseburgers)

And don't forget my fries!!
