They see her smile when it's not really there
They choose her style and her perfect hair
They like her boyfriend and her pretty eyes
They think she's perfect but it's all in their minds

Cause she's not
Everything they say
And it's all
Getting in her way
Yeah!

She's not trying be you
She's not trying do the things that you do
She listens to the voice within
And that's why she stopped
Trying to fit in

One day she gets it and it sticks in her mind
You gotta be yourself how was she so blind
The grass is greener on the other side
She won't be a rock swallowed up by the tide

Cause she knows
She's finally found her way
And now she's
Living for today
Yeah!

She's not trying be you
She's not trying do the things that you do
She listens to the voice within
And that's why she stopped
Trying to fit in

Now when you see her around
Hangin' at the corner store
You won't believe your eyes
You won't recognize her anymore

She's not trying be you
She's not trying do the things that you do

She listens to the voice within
And thats why she stopped
Trying to fit in
