I won't be springing back my love
I won't be coming back
I won't be bringing back my love
I won't be coming back

Chorus:

Can't even fuck with you not another round, another
round,
not another round, another round
'cause if I wasn't with you it was her and her and her
and you and her and her
I heard it was you with her and her and her
and all I want is to be turned with you
Got the thin walk mean the shoot game
and I'm bad at any chick that you name
what you want Jennet or Rene
you can have all I'm chuckin up the dose babe

Boy I got the palm that you gonna miss
lucky just to have me on your list
should have listened when I'm talking to my home girl
you ain't worth all this
still I try and try try,
I will survive and die for you
now I got all I ever this that I need
hell nuh I'm tryin to come baby
worth body I put this shit together
and sippin outside and I hope it's good weather
I just wanna move on boy you can find another girl

I won't be springing back my love
I won't be coming back
I won't be bringing back my love
I won't be coming back

Chorus:

Can't even fuck with you not another round, another
round,
not another round, another round
'cause if I wasn't with you it was her and her and her
and you and her and her

I heard it was you with her and her and her
and all I want is to be turned with you
Got the thin walk mean the shoot game
and I'm bad at any chick that you name
what you want Jennet or Rene
you can have all I'm chuckin up the dose babe

AH you ain't gotta call me no more
don't be asking if I'm good boy yeah
save all those compliments for other girls
when I look in the mirror see the baddest bitch you
know what

And I won't be coming back I won't be coming back
I won't be coming back, I won't be coming back

Can't even fuck with you not another round, another
round,
not another round, another round
'cause if I wasn't with you it was her and her and her
and you and her and her and her
and you and her and her and her
and all I know is I don't wanna be in another round

uhh, that's why you never find another
uhh, that's why you never find another
uhh, that's why you never find another
I don't wanna be an another round, not another round,
another round
