1: i am young and i am old / i am rich and i am poor / i
feel like I've been on this earth many times before /
Once i was a wide gazelle on horseback riding free.
Searching in the darkness for a piece of me.
Chorus: I can feel this for sure. I've been here before. I-
I-I can feel this for sure, for sure, for sure. I've been
here before.
2: I used to be a queen you know / On an island by the
sea / With rainbow colored people / Hah! / Happy as can
be / We never had a problem / There never was a care /
the love was everflowing and it's feeling shared
Chorus: And I can feel this 4 sure.....
Yes I have I can feel it / i can feel it
3: My soul feels like a universe / the baskin never ends /
stars to me are children / babies are my friends / My
heart is like a galaxy / In my spirit flies / I've helped this
way a million times / please don't ask me why / The
question of my lifetime / you've asked my point of view /
They say it all was karma / Call it deja vu / Call it deja vu /
Call it deja vu / Call it deja vu / Call it deja vu

Chorus: And i can feel this for sure.....
If hate is on your mind and u can't give up the crime /
Anger is your friend / Don't u know when u die don't u
know u will come back again / In the master's plan, you
will come back woman or man. If your life is full of sin
don't u know when u die u will come back again!
I thank God! I thank God! I thank God! I am not coming
back no more!! I've been here before. I thank God! I
thank God! I thank God! (I don't want to come back no
more!)
