(Verse 1)

I wake and I whisper to you think that you should follow  
me

(To the next room where I treat you)

Imma take your hand and lead you

Close your eyes I want you to play this game with me

(Trust me baby)

First we take it all off turn the water on,

Then we step into the shower where it all come off

So touch if you please here's the spot

Baby take this dip with me

(Chorus)

Boy come with me

Imma bout to set the shower scene

We can make it hot we can make it steam

Show me what you got just don't keep it clean

Boy come with me

Imma bout to set the shower scene

We can make it hot we can make it steam

Show me what you got just don't keep it clean

(Verse 2)

I see the water drippin' down your back and it's turnin'  
me on
