Wind blowing in my hair
no smoke in my air
its sensual
Getting call on my phone from a whole nother coast
So i gotta turn it off
its simple

I just wanna relax besides that my baby is getting
impatient
Waiting on me to taste that Strawberry wrapp that he
holding in his
left hand
and it taste soo good and it feels so smooth

yeaaaa yeaaa-aaa

Break it down roll it up
Champain spillin Close my eyes
Feeling like im on vacation (ooooooooohhh)

We are Super High
